

# Holistic solutions designed for an airport

## Building Management & Energy Efficiency

Make your airport facilities smarter with our automation system, integrated and energy efficient solutions.

- 1 Building Management System
- 2 Room Controls, Valves, Sensors, Actuators
- 3 Energy & Cleaning Management
- 4 Maintenance Management System
- 5 Energy Storage
- 6 Hybrid Cooling Systems, Chillers
- 7 Network Energy Management
- 8 Combined Heating & Power Unit
- 9 Smart Lighting
- 10 Technical Alarms
- 11 Air Handling Unit
- 12 Rooftop Evaporators, Cooling Towers
- 13 Energy Efficiency Kiosk
- 14 Heat Pumps
- 15 Renewable Energy Controls
- 16 Air Quality & Humidity Controls
- 17 HVAC Diffuser & Terminal Units
- 18 Metering, Commercial Refrigeration Controls

- ### Fire Protection
- Protect life and assets.
- 26 Incident Management
  - 27 Voice Alarm
  - 28 Clean-Agent Fire Suppression
  - 29 Fire Detection
  - 30 Fire Suppression
  - 31 Fire Extinguishers
  - 32 Smoke & Gas Detection
  - 33 Digital Addressable Fire Panel
  - 34 Water Distribution, Controls & Pumps

## Communications

Enable seamless communications around your facilities.

- 19 Passenger Information App
- 20 Operational Intelligence
- 21 Wireless Networks
- 22 Radio Systems
- 23 Public Address
- 24 Passenger Help Point
- 25 Digital Signage

## Security

Ensure passenger and asset security all the time.

- 35 Operations Centre
- 36 Contractor Management
- 37 ANPR
- 38 Cyber Security
- 39 Retail Systems
- 40 Queue Monitoring
- 41 Body & Baggage Screening
- 42 Video Surveillance
- 43 Face Recognition
- 44 People Counting
- 45 Abandoned Bag Detection
- 46 Access Controls (Doors, Elevators, Airbridge)
- 47 Automatic Gate Controls
- 48 Car-Park Management
- 49 Perimeter Protection
